TL

- TL+FX

## Strong quarterly increase in fees with improvement in transaction numbers and intact diversification efforts

Covid-19, macro and regulatory impacts are weighing at cost growth... Cost eliminations will become more visible in the coming quarters

> Improvement in NPL ratio on a comparable basis despite challenging operating environment, persisting conservative provisioning policy

## Sustained improvement in CoR despite continuing conservative provisioning for postponements and 90-180 days of dpd

Cost of Risk Composition

## Buffers against regulatory requirements at comfortable levels, 400bps and above
